

# Contact Page Wireframe (Web Browser)

The image is a screenshot of a web browser displaying a personal portfolio website for Iftikhar Khan. The browser's address bar shows the URL 'https://www.iftikhan.com'. The website's header features a navigation bar with four items: 'Home', 'Resume', 'Projects', and 'Contact', with 'Contact' being the active page. The main content area is divided into two sections. The top section, which has a light gray background, contains a large black silhouette of a person, the name 'Iftikhar Khan', the title 'Personal Portfolio', and a blue link 'Download CV' accompanied by a download icon. The bottom section of the main content area is white and contains a contact form. This form includes five input fields labeled 'Name', 'Mobile', 'Email', 'Subject', and 'Message', followed by a 'Send' button. Below the form, the contact information is displayed: 'Email' with an envelope icon and the address 'ifti-khan@outlook.com', and 'Mobile' with a phone icon and the number '07817278077'. The footer of the website is a dark gray bar containing a 'Get in contact' link with an envelope icon, the email address 'ifti-khan@outlook.com', a 'See my projects' link with a right-pointing arrow, four social media icons (Facebook, Twitter, LinkedIn, and GitHub), and a 'Download CV' link with a download icon.
